Sir:

Applicant hereby respectfully petitions the Commissioner of Patents to withdraw (vacate) the holding of abandonment in this case and to reissue the Notice to File Missing Parts purportedly mailed February 20, 2007, and still **never received** by the undersigned.

In accordance with the Commissioner's Notice of October 25, 1993, appearing 1156 OG 53, and MPEP §711.03(c)II, applicant hereby states that the Notice to File Missing Parts purportedly mailed February 20, 2007, was not received by the undersigned. In view of the fact that applicant has never received any such Notice to which applicant could reply, it is hereby

requested that the abandonment be vacated (withdrawn) and that the Notice to File Missing Parts officially be remailed to undersigned attorneys of record.

It is believed that no fee is necessary for this petition as per part I of MPEP 711.03(c), first paragraph. However, if a fee must be charged, please charge same to deposit account No. 02-4035.

**The Facts**

The application was filed on June 29, 2006, without the declaration/power of attorney.

A Notice to File Missing Parts was purportedly mailed on February 20, 2007, however, no Notice to File Missing Parts was received.

On July 03, 2008, a notification of abandonment was mailed to the undersigned, and was received on July 7, 2008 (Attachment A)

The office of the undersigned has now completed an exhaustive search of the records and mail room and concludes that as of this date, no Notice of Missing Parts has been received by either applicant or by applicant's attorneys.

**Remarks Concerning Evidence**

In view of the statement of facts presented above, which undersigned represents and declares are accurate based on information and belief, the present application should be reinstated and the Notice to File Missing Parts remailed setting a new term for reply.

It is understood that there is a strong presumption that papers properly addressed and indicated as having been mailed from the PTO are timely delivered to the addressee. To

overcome this presumption, it is necessary to submit all tangible evidence and other supporting evidence as reasonably may be available.

Thus, MPEP §711.03(c), part II, page 700-140 (Aug 2001) states in this regard as follows:

...., an allegation that an Office Action was never received may be considered in a petition to withdraw the holding of abandonment. If adequately supported, the Office may grant the petition to withdraw the holding of abandonment and remail the Office action.

.... The showing required to establish non-receipt of an Office action must include a statement from the practitioner stating that the Office communication was not received by the practitioner and attesting to the fact that a search of the file jacket and docket records indicate that the Office communication was not received.

Consistent with *Delgar v. Schuyler*, 172 USPQ 513, the PTO should mail a new Office action in view of the evidence in support of applicant's contention that applicants' attorney never received the Office Action.

Further evidence is as follows:

Commencing on or about June 19, 1987, the office of undersigned (applicants' attorneys) established a mail log of all correspondence received each day from the PTO. This log was established because certain instances had previously been encountered in which PTO mail had not been received by us, and in which cases the involved applications thus became inadvertently abandoned.

The aforementioned log has now been checked for every working day from February 21, 2007 through March 5, 2007, and as a result the undersigned has found no record of receipt of said Notice to File Missing Parts purportedly mailed by the PTO on February 20, 2007. See Attachment B, showing no entry for the present case, which bears docketing name

POUTCH=1 (redacted to remove identification of application numbers). Thus, there is no indication in the log book that any such Notice to File Missing Parts was received with respect to the above-identified application during a reasonable period which followed the purported mailing date. It is noted however, that the Notification of Abandonment, mailed July 3, 2007, was received on July 7, 2008.

The procedure in the office of Browdy and Neimark in regard to docketing is that all correspondence from the PTO, after recordation in the aforementioned log book, is then routed to the docketing department for docketing by the docket clerk of the due date for responses. In the present case, had the Notice to File Missing Parts purportedly mailed February 20, 2007, been received by the office of undersigned, it would have been docketed for a reply on April 20, 2007. If an application was filed without declaration/power of attorney, then at the time of filing a Missing Parts Status would be put into the docketing system for two months from the filing date, and that code would be bumped one month, every month until said Notice was received. Attached as an Attachment C (the application numbers have been redacted to protect the confidentiality of the applications) are copies of the docket pages for April 19-20, 2007, and each successive month on the 19-20, which show no entries for the present application (the due dates are in the far right-hand margin of this attachment).

It is the practice in the office of Browdy and Neimark and had been for many years preceding March of 1997, to record all papers received from the PTO and all papers filed in the PTO on the outside of the file jacket for each application. Attached as attachment D is a copy of the outside face of the file wrapper for the present application. There is no entry on the face of the file jacket showing the receipt of any such Notice to File Missing Parts, and in particular no such Notice to File Missing Parts, mailed February 20, 2007.

My inspection of the contents of our file shows no copy of any such Notice to File Missing Parts purportedly mailed February 20, 2007.

As the requirements of the above-noted Official Gazette notice and MPEP §711.03(c)II have been met, applicant respectfully requests withdrawal of the holding of abandonment and remailing of the Notice to File Missing Parts and any accompanying papers in order to reset the period for response, as such action by the PTO is fully in order. Wherefor, it is hereby respectfully requested, prayed and petitioned that any Notice of Abandonment be vacated, the present application be reinstated to pending status, and the Notice to File Missing Parts be remailed setting a new term for response thereto.

Early and favorable action is therefore respectfully requested.

Respectfully submitted,

## NOTIFICATION OF ABANDONMENT

The United States Patent and Trademark Office in its capacity as a Designated / Elected Office (37 CFR 1.495) has made the following determination:

- Applicant has failed to respond to the notification of MISSING REQUIREMENTS (Form PCT/DO/EO/905), mailed 02/20/2007 within the time period set therein.

Therefore, the above identified application failed to meet the requirements of 35 U.S.C. 371 and 37 CFR 1.495, and is ABANDONED AS TO THE UNITED STATES OF AMERICA.
